

Advanced quantum mechanics

Bassano Vacchini

Università degli Studi di Milano
INFN Sezione di Milano

bassano.vacchini@mi.infn.it
<http://www.mi.infn.it/~vacchini>

Vorlesungsskript Version: June 11, 2014

Table of contents

| | | |
|-----------|---|----|
| I | Quantum mechanics | 7 |
| 1 | Quantum mechanics as quantum probability | 9 |
| | Classical probability | 9 |
| | Quantum probability | 13 |
| 2 | States | 14 |
| | Purity | 19 |
| | Entropy | 21 |
| | Decompositions | 24 |
| | Effects | 26 |
| | Dispersion-free states | 31 |
| | Maximal entropy state | 32 |
| 3 | Observables | 36 |
| | Positive operator-valued measure | 36 |
| | Naimark's dilation | 42 |
| | Coexistence | 43 |
| | Covariance | 45 |
| | Position observable | 46 |
| | Position and momentum observable | 50 |
| 4 | Transformations of states and observables | 54 |
| | Complete positivity | 55 |
| | Operations | 58 |
| | Operations and measurement | 61 |
| | Operations and state preparation | 62 |
| | Mathematical characterization of operations | 63 |
| | Trace distance | 69 |
| | Instruments | 71 |
| | Von Neumann instruments | 74 |
| | Measurement models | 78 |
| II | Open quantum systems | 83 |
| 5 | Open quantum systems as composite systems | 85 |
| | Reduced dynamics | 86 |
| | Bipartite states and entanglement | 88 |
| | Schmidt decomposition | 88 |
| | Pure entangled states | 89 |
| | Mixed entangled states | 91 |
| | Purification | 91 |

| | | |
|---|--|-----|
| | Positive maps and entanglement detection | 92 |
| | Parametrization of quantum maps | 94 |
| | Choi-Jamiolkowski isomorphism | 101 |
| 6 | Dynamics of open quantum systems | 105 |
| | Quantum dynamical semigroups | 105 |
| | Structure of the generator | 106 |
| | Projection operators | 110 |
| | Standard projection | 112 |
| | Correlated projection | 113 |
| | Projected equations of motion | 113 |
| | Nakajima-Zwanzig master equation | 115 |
| | Weak coupling master equation | 116 |
| | Quantum optical master equation | 123 |
| | Bloch equations | 127 |
| | Wiener-Khintchine theorem | 134 |
| | Multi-time correlation functions | 137 |
| | Resonance fluorescence | 139 |
| | Bibliography | 143 |
| | Epilogue | 145 |
